MISSION TEAM LEADER APPLICATION

Each mission team needs to have a designated primary leader. Leaders are responsible for the planning and successful execution of the mission; supervision of the team members; and organization of the spiritual and physical pieces of the mission. To ensure that team leaders meet the standards and expectations for such a mission and to ensure the safety of our children, we ask that the following questions be considered and answered. It will also help us better understand how active our role in the planning and execution of your mission might be.

Name: _____ Date: _____

1) Is there a particular church or organization that you represent with this mission?

2) Do you have any previous experience with leading teams? Please explain?

3) What is your particular vision for leading this mission team?

4) Do you have any reservations about leading this team? If so, please explain:

5) What is your occupation or regular job/work position and do you have any particular skills or training that may be helpful in leading this mission?
